ACCEPT SEVEN MORE

TOTAL OF 119 MEN HAVE BEEN CERTIFIED FOR OUR QUOTA.

SEVERAL WERE EXAMINED

The Board Expects to Send Out Call For 100 More Men Whose Order Numbers Are From 800 to 900.

Seven more men were certified to the district board at Kansas City for the Draft Army, by the local exemption board today. Added to a list of 112 previously submitted, there it a total of 119 who have been passed and counted toward the county's quota of 202 and the 10 per cent additional.

The men certified today were:

Walter Adolphus Cook, Conception Junction.

John Henry McCann, Ravenwood.

Earl B. Haist, Maryville.

Galen Morris Gordon, Hopkins.

Claud H. Carroll, Sheridan.

William Chauncey Yates, Maryville.

William Edward Walker, Ravenwood.

Examination was given today to several men who were to have appeared Saturday, Monday or Tuesday. Hosick Holmes of Maryville was accepted and filed claims for discharge. Others passing today were: Carl Kennedy, Barnard; Alva Marion Burch, Pickering.

Two brothers, Asbury Damewood and Hailey H. Damewood of Braddyville, Ia., took the examination this morning. Asbury was accepted while Hailey was exempted. Fred Robert Wolfers of Maryville was exempted on account of asthma while Christian Alois Malam of Maryville was accepted.

The men rejected today were: Paul Kuchs, Maryville, flat feet; Glen Harold Reece, Maryville, underweight; John M. Bohart, Graham; and Floyd Edmond Logan, Maryville.

The board estimated today that 100 more men will be called out in addition to the lists already issued. These will include the men whose order numbers are from 800 to 900. Notices were not sent to these men today on account of the board being out of these printed forms, but they are expected at any time. The call will probably be for next Thursday.

The assessed valuation in the county for 1917 taxes is $18,108,149.

STURM CAR FOUND IN ST.JOE

Was Stolen Here Yesterday by Man Giving Name of Jesse Butler—Will Be Brought Back Tonight.

The car of Alfred Sturm, living south of Maryville, was found in St. Joseph this morning, according to word received this noon by Sheriff Dowden from the authorities there. The car was taken yesterday afternoon at three o'clock from in front of Sewell's garage. Sturm had had his car in the repair shop at this garage and the men had just completed the work and had pushed the car out in front of the garage near the oil pump as Sturm intended to ride home in it. When he went to get it the car was gone.

The man with the car was Jesse Butler, so he told the authorities at St. Joseph.

Sheriff Dowden and Sturm will go to St. Joseph this afternoon to get the car and bring the guilty party back.

REVENUE BILL DEBATE

Much Bitterness Over Two Billion Dollar Measure—To Make No Agreement With Japan.

Special to The Democrat-Forum.

Washington, Aug. 23.—Debate over the two billion dollar revenue bill reached the stage of unprecedented bitterness in the senate this afternoon when Senator Simmons in charge of the bill charged the movement to force upward the revision of war taxes had its inspiration in pro-German sources and was a part of a deep-laid plot to make war unpopular. He urged the rejection of the LaFollette amendment proposing additional increases in surtaxes on incomes above $5,000 and called it a shame to lift burden of taxation off of men of large incomes and place in on the shoulders of those of moderate salaries.

No Agreement With Japan.

NEW CAPITOL READY

SEVERAL STATE OFFICERS WILL BE INSTALLED IN 10 DAYS.

4 YEARS TO BUILD IT

More Than 100 Rooms, Costing $2,860,000 and an Additional $99,741 for the Foundation.

Jefferson City, Aug. 23.—Missouri's $2,500,000 new Capitol is practically completed. Within ten days Chairman E. W. Stephens of the Capitol Commission hopes to have several state officers installed in the new building.

Ground was broken for the new building May 6, 1913. The capitol covers about three acres of ground on almost the same site occupied by the old building on a bluff overlooking the Missouri river. It contains on its five floors 430,176 square feet of floor space. The interior diameter of the dome is 62 feet.

The building is of fire-proof construction, the exterior of stone, with all structural parts of steel, concrete, terra cotta and other fire resisting materials. There are more than 100 rooms costing $2,860,000 and an additional $99,741 for the foundation.

The ground floor is given over almost entirely to museums. The first floor is the administration floor. In the center are the large offices and reception room of the governor and in their proper relations on this floor are the offices of the Secretary of State, Auditor, Treasurer and the Superintendent of Education.

On the second floor, the Senate chamber is on the east side of the building and the House on the west. The legislative chambers arise two stories and extend above the roof so that not only are they lighted by skylights, but have direct window openings for light and ventilation.

The third floor contains the House and Senate galleries and government departments not housed in other parts of the building.

With the completion of the building Governor Gardner's policy to have all state departments located here is being followed out. A number of state offices and departments heretofore located in other cities in the state are being moved here.

Missouri has had ten state houses, the first being a three-story brick house at Vine and Third streets, St. Louis, where the constitutional convention met in June, 1820. The second was in the Missouri hotel, St. Louis, wherein the first legislature met in September, 1820.

The third was a two-story brick at St. Charles, occupied by the legislature in June, 1821. The fourth a brick structure on the site of the present executive mansion was used by the legislature in 1823. It cost about $25,000. The fifth was the

HAS BUREAU HERE

FOR THOSE SEEKING EMPLOYMENT AND THOSE WANTING HELP

AT COMMERCIAL CLUB

Every County Will Have A Bureau—The Plans As Adopted By the State Council of Defense.

Owing to the fact that many of our farmers will be taken to the army and there will be a shortage of laborers in certain sections, the Missouri Council of Defense has placed an employment Bureau in each county. The headquarters for Nodaway county are at the Maryville Commercial club in Maryville. There may be found necessary blanks and forms by both those seeking employment and those who want help.

Every county in the state has been reached and it will be possible in the future for any place where there is shortage of help to obtain same from some place where there are men without positions. Therefore, if any persons need help or if any one is seeking employment, they may find it worth while to get in touch with the Maryville Commercial club.

The following plan has been proposed by the Sub-committee on Farm Labor of the Missouri Council of Defense and is now being put into operation by those co-operating, that is, the Missouri Council of Defense, the University of Missouri College of Agriculture and Agricultural Extension Service, Office of Farm Management,

RUMORS OF FURTHER DISASTERS TO RUSSIAN MILITARY FORCES.

NEW DRIVE AGAINST RUSS

With Hindenburg in Charge Reported in German Dispatches With Petrograd as its Objective.

Special to The Democrat-Forum.

Washington, Aug. 23. — Definite rumors of further disasters to Russian military forces including one report that the Germans have taken the city of Riga from which assault can be directed against Petrograd are widely circulated here. They are unconfirmed from any official source, but caused deep concern, nevertheless, when taken in connection with reports of Hindenburg launching a great drive of the war in the north. Officials made no effort to disguise their fears that the general situation of Russia is again very serious. They admitted dispatches from the ambassador reported both political and military information of the utmost importance. The report that Russia has asked for both Japanese and United States troops is again widely circulated today.

New Drive Against Russians.

London, Aug. 23. — With Anglo, French and Italian offensives increasing with fury, the Germans are undertaking a grand new drive along the extreme northern end of the eastern front, which may have Petrograd as its objective.

Hindenburg Directing Offensive.

Copenhagen, Aug. 23.—Hindenburg is reported in German dispatches today to be directing personally the offensive against the Russians southeast of Riga.

XMAS GIFTS TO SOLDIERS

Hospital Surgical Dressings Unit Is to Send Presents to Nodaway County Boys in France.

At the meeting of the hospital surgical dressings unit held yesterday afternoon at the home of Mrs. C. V. Martin on South Buchanan street, it was decided to send Christmas gifts to the Nodaway county boys who are in France and to the Maryville boys who are in the army and navy, stationed elsewhere. Another meeting will be held next Tuesday at the home of Mrs. Martin to formulate plans.

It is planned to send to each boy a pair of gray socks, tobacco and pipe, chewing gum, sweets and things which will help to make easier and more pleasant the life of the boys who will either be fighting or in camps stationed in this country this Christmas.

While the ladies of this unit are not soliciting contributions one interested may help and all inquiries should be sent to Mrs. Martin. There are forty members of this unit.

Packages to be sent to France will have to leave here about October 1 to get there by Christmas time.

D. R. Eversole & Son

Obituary.

Joseph A., son of Israel and Elizabeth Crawford, was born in Ohio, January 15, 1844 and departed this life at his home in Wilcox, Mo., August 20, 1917; aged 73 years, 7 months and 5 days.

March 3, 1866 he was married to Mary Reichelderfer at Circleville, Ohio, and to them five children were born. Those living are: Mrs. Alice Saltzman, J. E. Crawford and Mrs. Ida Mendenhall, all residing at Wilcox. He also leaves one brother, Wilson Crawford, Maryville, and four grandchildren.

Uncle Joe came to Nodaway county forty-two years ago, locating on a farm near Barnard, where he lived for six years, moving from there to Andrew county and later to Wilcox, where he lived until his home-going.

He believed in the Fatherhood of God and the brotherhood of man. He united with the church thirty-five years ago and has also endeavored to honor his Lord. He was a member of five fraternal orders, W. O. W., Yeoman, K. L. of S., Rebekahs and a charter member of I. O. O. F. No. 589 Wilcox, who assisted by the Rebekahs had charge of the services at the grave.

Another pioneer who assisted in subduing the soil and forming the communities into whose heritage we have entered has been called home. We have entered into his labors. For many months he has been a patient and silent sufferer from cancer, but now he rests. His daughter, Mrs. Saltzman has lived with him for over two years, kindly ministering to all his needs. He will be missed for his chair will be empty at home, church and lodge.

Funeral services were held at the Christian church, August 22, at 11 a. m., in charge of Elders Harlan and Brewster. The body was laid to rest at Wilcox.

Card of Thanks.

We wish to thank our friends and the members of the church and fraternal orders for their kindness and assistance during the illness and death of our father. Also for the floral tributes at the funeral. — The Crawford Children. 23

A marriage license was issued today to Ray Nelson Heflin of Maryville and Elsie May Hostetter of Clearmont.

INCREASE IN TAXES TO COME FROM HIDDEN PROPERTY.

The taxpayers of Missouri need have no fear of an alarming increase of taxes as a result of the operation of the Tax Commission law. The experience in Kansas, where conditions of assessment were similar to those existing in Missouri will serve as an example.

In that state the first year after the Tax Commission was created the assessed valuation was increased 600 per cent, but the rates of levy were so lowered that when the taxes were paid it was found that there was an increase of only 3 per cent which was but a normal growth, and this was due to the uncovering of hidden property which was made to reduce the amount previously paid by persons owning property that could not be concealed.

DIRE DISTRESS.

It Is Near at Hand to Hundreds of Maryville Readers.

Don't neglect an aching back.

Backache is often the kidney's cry for help.

Neglect hurrying to the kidneys' aid means that urinary troubles may follow.

Or danger of worse kidney trouble.

Here's a Maryville testimony.

H. C. Cornett, painter and paper hanger, 805 North Buchanan street, Maryville, says: "In my work I have a great deal of reaching and standing to do and I was greatly handicapped as my back hurt me severely across my kidneys. I couldn't bend or lift without pain. My kidneys acted too frequently, breaking my rest at night and leaving me all tired out in the morning. I used Doan's Kidney Pills with great benefit."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cornett had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Peoples' War.

"The great fact that stands out above all the rest is that this is a Peoples' War, a war for freedom and justice and self-government amongst all the nations of the world, a war to make the world safe for the peoples who live upon it and have made it their own, the German people themselves included; and that with us rests the choice to break through all these hypocrisies and patent cheats and masks of brute force and help set the world free, or else stand aside and let it be dominated a long age through by sheer weight of arms and the arbitrary choices of self-constituted masters, by the nation which can maintain the biggest armies and the most irresistible armaments — a power to which the world has afforded no parallel and in the face of which political freedom must wither and perish."—Woodrow Wilson, President of the United States.

Mr. and Mrs. Charles McNeal drove to Clarinda today to attend the fair.

Remove Advertising Signs.

The new road law provides that all advertising signs must be removed from trees growing along the public road. There is a double check on this provision, since the law directs all road overseers to remove all signs, and also directs the county highway engineer to see that the law is enforced. Moral: When you want to advertise, use the columns of this paper.

HAS BUREAU HERE

(Continued from Page 1.)

U. S. Department of Agriculture and the Missouri Branch of Labor Statistics.

In each county of the state, beginning with those which are the heaviest producers of farm crops, a committee of one, to be known as the Committee on Farm Labor of the County of Defense, is appointed to establish a free employment bureau for farm labor. A resident of the county seat, and, wherever possible, a county officer, is chosen with regard to his personal ability and his willingness to serve. This committee is supplied with

(1) Application for farm help blanks.

(2) Application for farm employment blanks.

(3) Weekly report postal cards (to be mailed each Saturday to the Subcommittee on Farm Labor of the Missouri Council of Defense, College of Agriculture, Columbia, Mo.)

(4) Form for a large poster-placard addressed to "Farmers Needing Help," and "Men Seeking Employment on Farms."

A supply of these posters is printed locally at the expense of the County Council of Defense and distributed by them through the county. All newspapers within the county are supplied with an announcement of the action of the County Council of Defense. In addition to the aforementioned publicity, a circular letter enclosing a supply of application blanks for farm help and farm employment is mailed to the secretary of each Farmers Club within the county for distribution at its next regular meeting.

The weekly postal card reports from each county will indicate to the Subcommittee on Farm Labor, Columbia, Mo., the surplus or deficit of farm labor and unfilled applications. The Sub-committee on Farm Labor, Columbia, Mo., will each Monday make up a statement of the condition of each county as regards surplus or deficit of farm labor.

This statement will be mailed to all county committees on Farm Labor, also to the Co-operative Free Employment Bureaus located at Kansas City, St. Louis and St. Joseph. By this means adjoining counties are promptly informed of their respective conditions and shift their labor supply or demand accordingly in a direct and economical manner.

MRS. ELIZA J. BURCH DEAD.

NEW CAPITOL READY

(Continued from page 1.)

Cole county court house used after the destruction of the Capitol by fire.

In 1840 the legislature and officials were housed in the building on capitol hill, this being the sixth State house. The reconstructed Capitol, the seventh, was destroyed by fire on February 5,1911. The eighth and ninth capitols were the assembly room at St. Peter's Hall and the chamber of the Supreme Court, these being occupied by the legislature in 1911.

The tenth Capitol is the temporary frame structure built to house state officials until the completion of the new capitol.

Mrs. Al Heflin is ill at her heme north of Wilcox.

The Coming of the Sun Beam

The coming of the sunbeam—the new baby—should be a happy time for the expectant mother. She should help nature by the daily use of the safe, penetrating external preparation, "Mother's Friend". By its regular use the breasts are kept in good condition, the tendency to morning sickness is avoided. The abdominal muscles relax without strain when baby is born and the crisis is naturally one of less pain and danger.

To neglect the use of "Mother's Friend" for a single night is a mistake. Send or phone to the druggist for a bottle today and write for valuable free book, "Motherhood and the Baby". Address The Bradfield Regulator Co., Dept. K, 300 Lamar Building, Atlanta, Ga.

TAKE BABY'S FOOTPRINTS.

System at Baltimore Hospital Helped Mother Prove Claim.

Baltimore.—The new footprint system of identifying babies at the Maryland General hospital has cleared up a case of mistaken identity. This system was adopted to make sure that babies in the maternity department did not get mixed. The footprints of every baby born at the institution are kept on file with the name of the mother.

Laura Jones of North Carolina became a mother three months ago. The footprints of the child were taken. The mother returned to North Carolina, leaving her baby in charge of another woman. About the same time a baby was found in a vestibule. The police thought Laura Jones had abandoned her infant, and a relative identified the foundling as the Jones baby.

Recently Laura Jones came back. She knew her own baby. The police authorities were doubtful. At the hospital when the footprints of the two babies were compared with the record the mother proved her claim.

Change German Name.

Dallas, Tex.—What used to be Germania street, East Dallas, is wearing a new name. Tired, they said, of living on a street utterly un-American in designation patriotic residents took stepladders and paint brushes and made a swift and busy trip from one end of the thoroughfare to the other. When the journey was over the street signs all read "America street." Now the city council is up against the question of deciding whether America street shall have official ratification.

TO GUARD GIRLS

Patriotic League to Watch Over Them In Wartime.

$250,000 FUND FOR PURPOSE.

Organized Movement Will Be Found In All the Cities and Towns Where Boys In Khaki Will Be Quartered—Clubs of All Kinds For Girls Are Also Being Started by the League.

New York.—One-quarter of the $1,000,000 the big gathering of representative women of the country which met at the call of the national board, Y. W. C. A. headquarters in New York, 600 Lexington avenue, recently, voted to raise for its contributory war work among women has come in, and the work in the vicinity of training camps is well under way, with a patriotic league for girls as its big idea. This league is being organized in all the cities or towns near the camps. It is under the direction of the junior war work council of the national board and

MRS. JAMES S. CUSHMAN.

is open to all girls without regard to race or creed, the member's one obligation being to sign the pledge of the league and to have the spirit to keep it.

In its efforts to develop the patriotic spirit the league workers believe there will be a relegation of what they call the "lure of the khaki" to its proper position. The Y. W. C. A. works only with women and girls, but this is distinctly a war work, as the attitude of the young girls in towns and women in the vicinity of the camps will have a definite effect upon the young soldiers.

With the league clubs of all kinds for the girls are being formed to give them varied interests of their own. One of these is in the form of a camp for factory girls, workers of a factory now closed, outside Plattsburg. The girls have club leaders, recreation leaders, and they have hikes and athletics. The clubs and organizations are confined to no one class of girls. Many of them are among the high school girls of the different places.

The pledge is as follows:

I pledge to express my patriotism by doing better than ever before whatever work I have to do; by rendering whatever special service I can at this time to my community and country; by living up to the highest standards of character and honor, and by helping others to do the same.

Practically nothing is done for the entertainment and welfare of the young girl when she is at the most impressionable age, the women of the association say. Now they are receiving calls for help from the different places where the bringing together of large bodies of soldiers and the emotional conditions developed in a country at war will be strongly felt by the young girls of the community. Through the patriotic league the girls will learn to express their patriotism worthily, and through the clubs organized they will be entertained and will have an opportunity to normally expend their emotions.

Hostess houses, to entertain the friends and relatives of the soldiers of the camps, are being built out of the $1,000,000 war fund. The hostess houses are put up only on invitation of the commandant of a camp or some one else in authority.

A feature of the work of the hostess house is the attendance of women of social position in and around New York, who take turns in acting as hostess at the week ends. Among those who have done this are Mrs. James S. Cushman, president of the executive committee of the war work council; Mrs. Francis De Lacy Hyde of Plainfield, N. J., and Mrs. Robert Lovett of Locust Valley, N. Y.

Schoolgirl's Perfect Record.

Hayward, Wis.—Miss Dagne Brathen, a member of the 1917 graduating class of the Hayward High school, has a perfect mark for regular school attendance, as she did not miss a day nor was tardy from September in 1905, when she entered the kindergarten of the local schools, until this year, when she received a high school diploma.

Drags Big Fish Four Miles.

Arkansas City, Ark.—Unable to pull a seventy-five pound catfish from the Arkansas river dam, Bloomer Allen, an Arkansas City fisherman, chained the fish and dragged it through the river to this city, a distance of four miles. When he reached the city several men assisted him in pulling the fish out of the water.
